## Notes/Narratives

### NARRATIVE

On 061209 at approximately 1515 hours I was dispatched to a found property call at the Center for Latin American and Caribbean Studies. When I arrived on scene I spoke with the reporting party, Mr. Paul Duncan, who stated one of his workers, a Ms. Sonia Quinones, while working at the Latin American Ethnobotanical Garden, found a small suspected marijuana plant growing in a small, black, plastic planter. Mr. Duncan further stated Ms. Quinones turned the plant into him on 061209. Mr. Duncan also advised there was no one with the plant and it appeared it had not been cared for. The suspected marijuana plant was taken and placed into locker #14. Nothing further was reported on scene. Ms. Quinones was not on scene when Mr. Duncan gave me the plant.
